

Two Days Farmer's Training on "Safe use of Pesticides in Vegetables".

**Held at
Bacha Khan University, Charsadda**

The Concluding Session of the Two Days Farmer's Training on the "Safe use of Pesticides in Vegetables" was conducted on 7th February, 2019 in the Video Link Conference Room of the University. The Director ORIC, Bacha Khan University chaired the proceedings. The Session started with the recitation from the Holy Quran. After the recitation, Dr. Rahamdad Khan Training Coordinator gave a detailed presentation on the two days proceedings of the training. He told that more than 30 farmers from the district of Charsadda and 10 students from the Department of Agriculture, BKUC attended the two day training. During the training five Resource persons delivered lectures on various topics related to Safe Use of Pesticides in Vegetables. Besides, the five Pesticide and seed Companies including Syngenta Pvt Ltd, Zarghun Corporation, Petal Seed Company and AgNova Life Sciences Pvt Ltd displayed their Exhibition Stalls where they presented their various brands of pesticides and seeds. The Chair highlighted the importance of such trainings and emphasized and advised the farmers that the skills they have learned during the training very useful in the safe and economic use of pesticides. He also informed that such training will also be conducted in future to train more and more farmers. At the end the Chair distributed certificates among the participants and the resource persons.
